## BEAUTY SHOT

That's right, you're looking at the strongest Beauty formula in one shot!

Beauty Shot is enriched with 10 000 mg of Hydrolysed Marine Collagen. That's more than double the amount of collagen required for collagen production in the dermis to be triggered by the fibroblasts (the cells responsible for collagen production).

Pretty impressive? But we didn't stop there.

Each dose of Beauty Shot is also enriched with 100 mg Hyaluronic Acid, Vitamins and Minerals. They're all working together with the collagen to protect and reproduce healthy skin cells and reduce the impression of wrinkles, nourish and improve the quality of the skin and help keep it healthy and strong.

The body's natural production of collagen decreases with age (after 25), which makes the skin lose its elasticity and results in wrinkles. With a daily dose of Beauty Shot we can help rebuild and restore the collagen levels in the body, for stronger hair, nails and more supple skin.

Our goal is to satisfy you and your skin with the nutrition it needs to give you radiance and firmer skin.

A completely unique formula that works with beauty from the inside and outside, to give you the result you are looking for.

The Beauty Shot formula is sugar free with naturally sourced sweeteners, has a delicious and natural taste of wild berries. It is also free from gluten, soy, egg, nuts and lactose.

**Recommended intake:** Take one shot (25ml), once a day.

**Caution:** Do not exceed recommended daily dose. Food

supplements should not be used as a substitute for balanced diet and healthy lifestyle. Not suitable for children under 18. If you are pregnant, breastfeeding woman, taking prescription medication or under medical supervision, consult a doctor before use. Keep out of reach of children all the time.

**Storage:** Store in dry and cool place. Out of direct sunlight.

**Flavour:** Berry

**Allergen Advice:** Contains ingredients from fish.
